### Cilindro ferro fundido de Alta Qualidade

Construção robusta com qualidade, durabilidade /  
fiabilidade e baixo custo de manutenção.

Componentes que cumprem Normas de Qualidade elevada:

1. Filtro Aspiração Silenciado
2. Unidade Compressora
3. Motor Elétrico
4. Válvula de Segurança
5. Interruptor / Pressóstato
6. Filtro Redutor
7. Reservatório
8. Purgador Manual
